IV. OTHER BUSINESS

11. Participation in Bladensburg Municipal Collaboration to Provide Energy Efficiency Upgrades for Low to Moderate Homeowners

The Town of Bladensburg is coordinating a weatherization and energy efficiency upgrade program for low to moderate income homeowners called the Prince George's County Municipal Collaboration. The program is funded through the Maryland Energy Administration (MEA) EmPOWER and Department of Housing & Community

Development (DHCD) Community Legacy grants. Continuation of this program is subject to State funding approval. The City of Bowie and the Town of Riverdale Park, along with other County municipalities, are participating in the program. Eligible homeowners complete an application/affidavit of income and sign a consent form and submit both to the Town of Bladensburg. If they are found to meet the income and grant qualifications, Bladensburg notifies Edge Energy in Beltsville to conduct the energy audit. Any needed improvements such as added insulation, air sealing, new hot water heater or refrigerator, HVAC adjustments, etc. are identified and are sent to MEA for approval. All new appliances must be Energy Star certified. If the recommendations are approved by MEA, Edge Energy performs the improvements. Bladensburg then arranges for payment to the vendor and coordinates reimbursement from MEA and DHCD as appropriate. Bladensburg's administrative costs are funded by the grants. Bladensburg Police Lieutenant James Flynn will be present to answer any questions about the program. There is no cost to the City or the homeowner to participate in this program. If Greenbelt decides to participate in this program, the City would promote the program here in Greenbelt via the News Review, City website, cable television channels and other appropriate mechanisms. It is recommended that Council approve the City's participation in the Prince George's Municipal Collaboration. (DEM)
